***WE NEED A LITTLE CHRISTMAS!!***

It's not too early for a little holiday cheer! The hammered dulcimer is perfect for Christmas music, and you'll put its inherent bell-like qualities to good use as we work on both well-known favorites and lesser-known gems. Along the way you'll explore a technique or two that goes beyond the dulcimer's usual confines. (P.S. If you've got a guitar pick, bring it to class just in case!! <https://www.jodymarshall.net>)
